CAREER OBJECTIVE

A motivated and passionate Information Technology undergraduate seeking opportunities to apply my technical expertise in software development, game development, and emerging technologies. Committed to contributing to dynamic IT projects, solving complex problems, and continuously upgrading my skills to meet industry demands. Aiming to build a progressive career in the IT industry by delivering high-quality, innovative, and impactful solutions while growing within a forward-thinking organization.

EDUCATIONAL QUALIFICATION

B.Tech (IT) – Saveetha Engineering College

July 2024 – May 2027

Chennai, Tamilnadu | GPA: 7.5

Currently pursuing a Bachelor of Technology in Information Technology with strong knowledge in Java, Python, and C programming. Interested in VR development, cloud computing, and game development.

Diploma in IT – MSPVL Polytechnic College

June 2021 – May 2024

Pavoorchatram, Tenkasi, Tamilnadu | 84%

Completed a 3-year Diploma in Information Technology with practical knowledge in programming, software development, hardware fundamentals, and technical problem-solving.

SSLC (10th Standard) – P.L.W.A Higher Secondary School

2021

Ambalavanapuram, Tamilnadu

Completed secondary education with a strong interest in computers and technology.

INTERNSHIP EXPERIENCE

ZITACAD – ZitRaar Technologies Pvt Ltd

June 2022 – July 2022

Intern | Tenkasi, Tamilnadu

- Completed a 70-hour internship/workshop focused on Zoho Creator and low-code application development.
- Gained hands-on experience in designing and developing low-code applications, database management, and workflow automation.
- Improved problem-solving, teamwork, and application development skills through practical training and project activities.

PROJECTS COMPLETED

VR Learnspace

June 2025 – December 2025

A virtual reality-based interactive learning platform designed to provide immersive educational experiences using 3D simulations and real-time engagement.

College Management System

June 2022 – December 2022

Developed a web-based college management system using C#, HTML, CSS, and MySQL to manage student records, attendance, course details, and administrative activities efficiently.

VR Offroad Game

Ongoing

Developing an immersive VR offroad driving game using Unreal Engine with realistic environments, vehicle controls, and interactive gameplay mechanics.

ROLES & RESPONSIBILITIES

Tech Society – Joint Secretary

June 2025 – May 2027

Chennai, Tamilnadu

- Served as Joint Secretary of the Tech Society, managing and overseeing all technical activities and events.
- Conducted multiple workshops under game and app development in Tech Society, covering Blender, Unity, Unreal Engine, and VR development.
- Conducted the Tech Society Hackathon in 2026, overseeing planning, coordination, and execution of the event.
- Actively involved in game and app development projects, app design, team coordination, and technical event management.

TECHNICAL EVENTS

Hack like Hustle 2.0 – Event Coordinator

April 2026

Saveetha Engineering College, Chennai, Tamilnadu

- Spearheaded coordination efforts as part of the Network Management Team at Hack like Hustle 2.0, an intense 24-hour hackathon that brought together student innovators to compete, collaborate, and build real-world solutions under pressure.
- Managed seamless network connectivity and technical infrastructure throughout the event, ensuring uninterrupted internet access, system support, and real-time troubleshooting for all participants.
- Collaborated with the core organizing team to handle end-to-end event operations including venue setup, schedule planning, and smooth execution of all hackathon rounds.

Workshop Conductor – Tech Society

2024 – 2027

Saveetha Engineering College, Chennai, Tamilnadu

- Designed and conducted hands-on workshops for college students on Game Development, covering tools like Unity, Unreal Engine, and Blender 3D.
- Delivered interactive sessions on App Development and VR technologies, helping students gain practical exposure to emerging tech trends.
- Received positive feedback from attendees for simplifying complex concepts and making learning engaging and outcome-driven.

TECHNICAL SKILLS

- Programming Languages: Java, Python
- Game Engines: Unity, Unreal Engine
- 3D Design: Blender

- Database: MySQL
- Web Technologies: HTML, CSS, C#

CERTIFICATIONS

- Technical Support Fundamentals - Google, via Coursera (Jul 2026)
- AWS Academy Graduate - Cloud Foundations - Training Badge, 20 hours (Nov 2025)

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Leadership & Event Management
- Time Management
